

Early Course Opening E-mails (2022–2026)

Source Documents | Ricardo S. Vargas, MS | Broward College Online

This file contains the original D2L e-mail records of the messages I sent to students each term announcing that I had opened the course **before the official start date**, giving students additional time on task and setting clear expectations for the term.

Each record that follows is an **original, unaltered printout** from my Brightspace (D2L) course e-mail. The e-portfolio displays formatted, easier-to-read versions of these messages; this file is provided so reviewers can verify each one against the original record.

Note on the printouts: When a message is printed from D2L e-mail, the system prepends a “Course Offering” list showing every course shell in my account history, not only the course to which the message was sent. That list is a feature of D2L’s print function and is not part of the e-mail. The message itself (Received/Sent date, From, Subject, and body) appears at the end of each printout, on the page noted in the table below.

A+ 736204 - CLASS IS OPEN (early)

Hi all,

I hope you are all doing well and preparing for the new term. I've opened the class early for your convenience. This class has a lot of material to complete, and I encourage you all to work ahead as much as possible. I want to take a few minutes of your time and welcome you all to the class and set some rules :)

1 - Your assignments are due when the syllabus (Simple Syllabus) /calendar says they are due, not when you remember (think).

2 - If you miss a discussion, YOU CAN NOT make it up, as the rest of the class has moved on to other things.

3 - If you miss a certificate, please e-mail it to me ASAP - Do not ask me if you can e-mail it .. E-mail (Hi Rick, I missed my assignment, here it is :) simple.

4 - READ the syllabus. All due dates/assignments are listed there.

5 - YOU HAVE TO buy the uCertify material to complete this course. Please see the syllabus and announcement for a discount link.

WORK ahead as much as possible to have more time, in the end, to study and PASS your exam.

Repeat after me: "THIS CLASS HAS A LOT OF MATERIAL TO COVER, AND I WILL NOT WAIT UNTIL THE LAST MINUTE TO TURN IN WORK"

All joking aside - DO NOT WASTE any time.

Have a great week / stay safe and healthy!

Rick

A+ 751995 Class is open (Early)

Hi all,

I hope you are all doing well and preparing for the new term. I've opened the class early for your convenience. This class has a lot of material to complete, and I encourage you all to work ahead as much as possible. I want to take a few minutes of your time and welcome you all to the class and set some rules :)

1 - Your assignments are due when the syllabus (Simple Syllabus) /calendar says they are due, not when you remember (think).

2 - If you miss a discussion, **YOU CAN NOT** make it up, as the rest of the class has moved on to other things.

3 - If you miss a certificate, please e-mail it to me ASAP - Do not ask me if you can e-mail it .. E-mail (Hi Rick, I missed my assignment, here it is :) simple.

4 - READ the syllabus. All due dates/assignments are listed there.

5 - YOU HAVE TO buy the uCertify material to complete this course. Please see the syllabus and announcement for a discount link.

WORK ahead as much as possible to have more time, in the end, to study and PASS your exam.

Repeat after me: "THIS CLASS HAS A LOT OF MATERIAL TO COVER, AND I WILL NOT WAIT UNTIL THE LAST MINUTE TO TURN IN WORK."

All joking aside - DO NOT WASTE any time.

Have a great week / stay safe and healthy!

Rick

A+ Class is open (Early)

Hi all,

I hope you're doing well and ready for the new term. I've opened our course early to give you a head start. This class covers a significant

amount of material, and working ahead is the best strategy to ensure you have time to study and **pass**.

To help us all stay on track, here are the "Rules of the Road":

1. **Trust the Calendar:** Assignments are due on the dates listed in the **Syllabus**. Do not rely on memory; use your calendar.
2. **Discussions:** These are time-sensitive. If you miss a discussion, it cannot be made up as the class moves forward together.
3. **Late Certificates:** If you miss a certificate deadline, upload it ASAP. No need to ask for permission—just upload it.
4. **Read the Syllabus:** This is your primary resource for all dates and requirements.
5. **Required Material:** You **must** purchase the **uCertify** material to complete this course. Check the syllabus/announcements for a discount link.

Pro-tip: Work ahead now to save yourself stress later. Repeat after me: *"I will not wait until the last minute!"*

Let's have a productive term. Stay safe and healthy!

Rick Vargas
