

Feedback Samples: Specific, Actionable Guidance

Source Documents | Ricardo S. Vargas, MS | Broward College Online

This file contains original grading records showing the specific, actionable feedback I return to students, including exact steps, cell ranges, and professional advice they can apply to their work.

Each page that follows is a screenshot of the original Brightspace (D2L) grading record, provided so reviewers can verify the formatted feedback samples shown in the e-portfolio. My feedback and the students' comments appear exactly as recorded.

Privacy note: To comply with FERPA, student names, profile photos, file names containing student names, grades, and personal information have been covered with gray redaction bars. No other content has been altered.

Hi professor, good evening. Please let me know how I can improve my grades.

Thank you.

Para...      

Few issues - Your address:

Address removed = Should be N.E and CT

then your phone number should be all in one line not split in half - you may want to delete all that and retype it.

Then - Move Employment references to the second page or make it all FIT IN ONE page - I would change the margins (top and bottom) and make it fit all in one page.

Data from the graph needs to come from A11:A22 and O11:O22, not retyped on columns R and S. Imagine if you had 10 charts with 500 rows, how much stuff you would have to retype all over. Give it a try. Select A11:A22, press the CTRL or Command key and select O11:O22 and then graph :)

Per Zoom call - correction

You have no negative numbers. The graph is incorrect and not on its own sheet. Select the range below to create the graph.

A13:A20 and O13:O20
